## **CIRCULAR**

*Greetings from Gail DAV*

Dear Parents ,

I know in these testing times we are all working on connecting with our students through various tools online apps ,WhatsApp or mobile etc as we do not know how long we are going to be away from real school experience.

Following steps have been taken up at school end .

- We have chosen Zoom platform for connecting with our students. Micro lessons are taken up by teachers in class-wise groups on available online tools.
- A schedule for online teaching learning activity had been planned and is in place since April 3 ,2020 for classes III to X and XII .For other classes regular online schedule will be followed w.e.f Monday April13 ,2020.
- We have made available Latest Curriculum of Senior Secondary and Secondary classes on school Website .
- E- books of DAV /CBSE are also available on school website .Students can download the required chapters from the link created .
- We are going to provide assignments online through 2xcell /wizario /whatsapp /school website .The students need to ask teachers concerned for the same. Efforts are being made that the feedback of assessment and assignment is emailed to the parents .
- While teachers are engaging the students in teaching learning activities ,care is to be taken at the end of the parents to ensure that they should not attempt to go to purchase the text books or stationary & notebooks etc. No DAV book is available at outside shops as these are provided by school itself ( For classes LKG – VIII ).For Classes IX –XII CBSE E-books are available through school website.

- Dear parents kindly note the lesson discussed online will be taught again while school re -opens so there is no immediate requirement to show the home work. Students be asked to prepare their notes in soft copies i.e on computers /Laptop /tab etc and later print outs may be used as home work.
- Dear parents kindly be connected with the school on latest developments through school website /sms system.

The outbreak of COVID-19 across the globe has brought us to a situation which we had never imagined .As a precautionary measure the entire country is lock-downed since March 23 2020 until the situation gets under control. We all must follow the lock-down to break the chain of the pandemic .To come out of the current situation I believe that everyone needs a sense of efficacy to struggle together with resilience to meet the inevitable obstacle.

Stay safe at home ,

Best Wishes .

**A.K SHARMA**
